

# PROTECT YOUR EQUIPMENT. BUILD YOUR PRODUCTIVITY.

In the construction industry, equipment just has to keep working. And when you know how much engine oils, hydraulic fluids and greases matter, you choose Petro-Canada Lubricants.

Our high-performance, heavy-duty product line is designed with one purpose—to make every piece of equipment longer-lasting and more reliable, and your operations more productive and profitable.

- PEERLESS OG Series
- PEERLESS LLG
- PRECISION XL Moly Series
- PRECISION Synthetic Moly

Note: These are general guidelines identifying select Petro-Canada Lubricants products that may be most suitable for your equipment. You should always follow your OEM recommendations. Please contact a Petro-Canada Lubricants representative or visit our website, [lubricants.petro-canada.com](http://lubricants.petro-canada.com), for more information and our complete product listing.

Certain equipment models have common hydraulic reservoirs and transmission systems that work together with the same fluid. It is always best to follow the OEM recommendations to ensure you are using the right fluid in the equipment.

Trademarks are owned or used under license.
